## **Title Insurance**

### **Special Rate Rule for Unique and Unusual Conditions**

If it can be clearly demonstrated that a risk presents unique or unusual conditions of exposure or hazard such that the application of the normal rating procedure does not produce a reasonable and equitable rate for the risk, such risk may be treated on an individual rate basis.

Requests for treatment under this rule shall be submitted to the insurance commissioner and shall be accompanied by evidence specifically setting forth the reasons for the request along with full supporting information evidencing that the special treatment is not a violation of K.S.A. 40-2404(14) relating to rebates and other inducements in title insurance. Such rates must be filed with the commissioner of insurance prior to quotation or being made effective.
